ANIMAL REVERSION.

A peculiar phenomenon in ani-

mal life has come to light at the

home of editor Charles C. Moore,

near Russellville, says the Lexington Democrat.

Some few days ago a valuable

female dog gave birth to ten puppies

and simultaneously therewith

the family hon hatched out a

broad of chicks.

The hon took a fancy to the

pups and abandoned her own off-

spring for the infant canines.

The hon fought the mother of

the pups for the right of maternal

protection, and the pups gathered

under her wing for warmth. With

the characteristic playfulness

of puppy life the latter went to climb

on the hon and bit at her feathers

with such frequency that she has

but few left. It is remarkable and

peculiar instances of animal rever-

sion, but Editor Moore vouches

for the truth of the story, and

what she goes in this section.

Mrs. Estelle Willis is teaching the Peletier School. She has taught there for several years and is very much liked as a teacher.

The only place we saw the American, Hawaiian, Porto Rican and Philippine stars and stripes floating in the breezes on the glorious Fourth, was on the Columbia and Estill road. Game called at 2 o'clock.

The only place we saw the American, Hawaiian, Porto Rican and Philippine stars and stripes floating in the breezes on the glorious Fourth, was on the Columbia and Estill road.

Only reasonable weather is needed to finish the best of corn crops over known in this part of the country. The acreage is large and the crop has been thoroughly worked at. At this date it is unusually promising. Generally the losses of our crop are made good in another.

A statement of the condition of the Columbia and Estill roads in this part of the state. It shows that the insulation is in a healthy and growing condition, due to careful management. The directors are financiers, and the cashier and his clerical force are accurate business men.

A few days ago when an electric short passed through the wires of the country, killing Mrs. Section, a wife, twenty two trees were struck by lightning between Columbia and Campbellsville, and four miles this side of the latter place several heads of cattle were killed. Death of a Good Citizen.

On Tuesday July 2, 1901, God in his infinite wisdom seeing fit to call from earth to heaven, after an illness of about six months, the precious soul of George Rosebush, depriving the country of a citizen whose place can never be filled. Mr. George Rosebush was 65 years old, was born in Virginia, but moved to Adair county, Ky., in 1858 where he made his home until death came. He professed Christianity in 1875 and joined the E. church South and lived a devoted Christian life. He was a member of the church, lost such a valuable citizen, the church such a worthy member, the wife such a faithful husband, and the children such a loving father. To the bereaved ones, we say, "We will follow after him, we will follow after him following his example. For he is waiting and watching at the beautiful gate" to welcome you there when death's boatman shall row you across the dark sea to meet with him who has silently gone before.

Born to the wife of Asure Damron, on June 29th, a daughter.

No gambling or immoral conduct will be tolerated at our fair.

Don't wait too long to prepare for the fair. If you want to wear a blue ribbon shape up your stock for rings.

Mr. Burdett of Lebanon, bought 11 head of two and three-year-old mules, last week from our farmers at an average price of \$10.00 per head.

Just think of the interest that will arise in the old man's riding contest at our fair—the boys of 70 years ago contending for honors of to day.

NATIVE.

All persons indebted to me must come and settle at once.

Mrs. SALLIE BRADSHAW.

Estill Fair Queen, son of H. C. Fess, left home some time ago for Campbellsville, now writes his father from Quill Mont, West Va., and states that he has a good position at \$1.50 per day.

Mr. A. R. Humble, of Somerton, bought from the farmers of this country, last Friday, eleven head of work mules at an average price of \$12.00 but they were all good ones and worth the money.

All Ministers of the Gospel and all persons over seventy years old will be admitted into the Columbia Fair grounds free the full four days if they desire to put in solid time. Come old and young.

Coffey Bros. bought last week, in Adair and adjoining counties, five and six mules and a team of horses at an average price of \$12.00. We have not yet seen the above mentioned horses but feel sure that they are extra good ones for this firm does not deal in stock below No. 1.

FOUND AT LAST.

All who have cancer, Goitre, warts, Tumors, Cataracts and partial blindness and want to be cured without medicine or the knife, will please write to Prof. J. S. Chapman, Glenorsk, Ky. No. no pay.

Mr. Tom Edger has secured a position at the office of the Columbia and Estill roads in this part of the state. The news shows that the insulation is in a healthy and growing condition, due to careful management. The directors are financiers, and the cashier and his clerical force are accurate business men.

Last Tuesday morning at 10 o'clock a team of horses pulled into Columbia last Saturday. Some time ago the team was lost and several parties came near losing their lives. Mr. George R. Miller, of this town, together with several other drummers who were in the hotel at the time had to run for their lives. Mr. Miller awoke just in time to see the horses running and to run for his life to save himself in any way except window escape from the second story.

He swung from the window and was caught by two men below, unburnt except a few small bristles. It was even so on this occasion and the young man above mentioned was never before so fully crowded with the rich blessings of a successful life. Misses Bettie and Martha Hancock, of this city, were present.

Great Reduction in Millinery.

In order to close out our entire stock for this season, we are offering our goods at greatly reduced prices. We have just received some new goods, come and get your hats at half price.

Mrs. SALLIE BRADSHAW.

The Gloria Fair was undoubtedly a success. Only one man closed his place of business to mediate over the long ago—the acts of that noble band of colonists rebels against their mother country, who proclaimed their independence on the 4th of July, 1776. The man referred to is our friend and fellow citizen, Dr. J. N. Page, known but it is thought, he was struck by lightning.

The first and only Automobile held in the suburbs of Columbia last Saturday was largely attended. The exact number of days were good. Near all the Sunday schools in the county were represented.

Our free school will begin here on the 22d. Prof. G. P. Dillon will be the teacher. We have not learned who will be his assistant.

W. L. Walker and wife, of Nell, visited relatives here last week.

Brookside Bros., of Louisville, bought out C. N. and Nel head of horses for \$1000.00 and Mr. R. H. Humble, of Sulphur Springs, bought of same parties five head.

Dan Lewis, of Burkberville, passed through here last week en route for Louisville with a car load of cattle.

The Social Light at W. A. Hindman's last Friday night was a success. Mr. Hindman's last night was a success. The operation was a general good time.

Mr. and Mrs. F. E. Burdett, of Sulphur Springs, had an operation performed on their little daughter, Miss Blanche, by Drs. Nell and Taylor last Friday.

The entire program was entertain'ing and instructive and such meetings should occur often for they are full of good results. The ladies of that vicinity deserve much praise for there was no lack of any thing good to eat.

Mr. J. N. Royce has purchased one of the best Threshing machines now on the market. Mr. Royce has had considerable experience in the many makes, he bought what he considers the very best, and to back up his own judgment it is the machine that took first premium at the World's Fair. The girl is getting along nicely and we trust will be well.

The death angel visited the home of Dr. and Mrs. S. A. Taylor on last Tuesday the 2nd and took with him their darling child, Frank, aged one year, one month and seventeen days. Dr. Taylor had a sufficient amount of time to say his last words to his wife.

Mr. and Mrs. F. E. Burdett, of Sulphur Springs, had an operation performed on their little daughter, Miss Blanche, by Drs. Nell and Taylor last Friday.

The fire at the home of Mr. and Mrs. F. E. Burdett, of Sulphur Springs, was caused by a short circuit in the wiring.

Look at Pennsylvania.

Pennsylvania now supplies the nation with the worst examples of political vice. It has achieved unavoidable notoriety in this line. The corruption of the reconstruction era in the South is surpassed by the brazen robbery which flourishes almost unabated in the Keystone State thirty years afterwards. The later manifestations have not the excuse in condition that mitigated the former crimes. There has been no overturn of the social system, no demoralization of war, no violent putting of the bottom rail, on top, no substitution of ignorance for intelligence in the body of voters; but a steady vicious degradation of public sentiment under the rule of selfish, sordid, wanton leaders, chiefly of the Republican party. No other State exhibits an equal debasement of conscience and honor on the part of men instructed with public responsibilities, and necessarily on the part of the constituency which supports them. Cameron goes to seed has raised up such politicians as Quay, Penru, Stone and Ashbridge. The worst scandal is not their specific misgovernment, which is bad enough; but the demoralizing influence of their example upon all the youth of the Commonwealth. If the criminals in all the jails were turned loose they would not be so dangerous in their influence to degrade the standards of public life as are the men whom the people of the Commonwealth have elevated to places of honor. They are undermining the morality of the coming generation.—Boston Herald.

His worst enemy was himself. To his many friends I would say let us drop a tear over his grave for it is human to err but divine to forgive.

Advice to a Son.

My son, follow not the foot steps of the loafer, and make example of him who is born tired, "verily I say unto you, their inness is overstocked the seats are all taken and the whiting pheasants are all gone. It is better to save a seat at two bits a cord than to whittle in losing match and abuse the government. My son, while thou hast left in thy skull the sense of a jay bird, break away from the cigarette habit, for thy breath stinketh like a glue factory and thy whole appearance is less intelligent than the store dummy. Yea, thou art a cipher with the rime knocked off.—Ex.
